

Founder's District DEC Report February 13, 2019

Diana Dee, DTM
District Director

Special Report: Budget Vote

Upcoming Vote on Budget by District Council

In September, when the virtual District Council meeting was held, I misinterpreted the word "approve" in the bylaws to mean no objection. In actuality, a vote is required.

I have been advised by Toastmasters International to hold a District Council vote by email. I will send the email in a few days to all club Presidents and Vice Presidents of Education. The email will contain links to the budget and to the budget explanation document.

Each President and VPE will receive in their email a unique link to the voting page, to ensure that each eligible person gets one vote.

At the same time, I will send an email to you, the DEC, asking Area Directors to contact club Presidents and VPEs, to urge them to watch for the email, emphasizing that their vote is important.

I appreciate your help in correcting this procedural error.
